

# God's Everlasting Covenant

## Biblical Study Resources

This is a resource of books and websites in which you may be interested. This is not an exhaustive list, and is meant to get you started. You may find other resources that better support you and what the Lord asks you to do. There are many! Our advice is to check them out carefully and be sure they adhere to Biblical principles. Beware of Messianic Jewish ministries that teach Torah needs to be kept in order to be saved [legalism], and beware of those that teach Christians or the Church have replaced Israel. Jew and Gentile have a distinct role in the body of Messiah. The Gentile believers are called to identify with Israel, and to provoke Israel (the Jewish people) to envy. God bless you as you explore His will for you now that you are armed with these wonderful truths!
